A Mistake.

The impression appears to prevail among many Democrats that we have no Job Office connected with the SEN-TINEL office. This is a mistake. There is no office in the city that is so well prepared to do all kinds of BOOK AND JOB PRINTING as we are (except large bill posters), and we will feel under obligations to all Democrats, not only in the city, but in the State, for any work they can send to our office. We have no public patronage to depend on to aid the paper-we ask the party to aid us with their work, as far as they can. We can do as good work, and on as good terms, as any other office.
